### **DETAILED ACTION**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### ***Claim Rejections - 35 USC § 102***

Claims 1-8, 10, 29-30, and 32-34 are rejected under 35 U.S.C. 102(b) as being anticipated by Lizé (US 5,636,450). The claims are reasonably and broadly construed in light of the specification, as being disclosed by Lizé for comprising:

an IR dryer, for use in drying a continuous paper web (col. 1, line 24) by means of IR radiation (col. 1, line 31), comprising: an array of IR emitters (7, fig. 2) arranged, in use, in spaced relation to the paper web (1, fig. 2); a lamp protection plate (9, fig. 2) intermediate the IR emitters (7, fig. 2) and the paper web;

characterized in that at least one of the lamp protection plate and the array of IR emitters

is curved wherein a paper web is moved in a curved path to dry the paper web and wherein at least

one of the lamp protection plate and array of IR emitters is curved in a direction of the curved path (fig. 2, col. 1, lines 30-35). Lizé also discloses gas powered heating elements inherently since it is well known that IR heating is by lamps and/or gas burning sources, gas passage cooling, curved reflector plate, second plurality of quartz tubes, side by side arrangement, same paper directional movement extending in the same direction as shown in figures 1-3.

***Allowable Subject Matter***

Claims 11-26 are allowable over the prior art as discussed in prior Office actions.

***Response to Arguments***

Applicant's arguments with respect to claims 1-34 have been considered but are moot in view of the new grounds of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
